Darul Islam Islamic HS.

WORK EXPERIENCE

References available upon request.

SITA Aero / CompuClinic Solutions

Nov. 2023 – Present

Desktop Support Technician [IT Engineer Field Ops]

Cape Town International Airport, SA

- Delivered on-site IT support for airport infrastructure systems (CUTE, CUSS, BRS), ensuring seamless passenger check-in, boarding, and baggage operations.
- Installed, diagnosed and resolved CUTE hardware/software issues across printers, scanners, and workstations (OKI 3320, Custom TK180, Brother, Zebra HHTs) for airlines including SAA, British Airways, and Qatar Airways.
- Supported BRS operations via SITA Bag Manager; maintained, tracked, and repaired A5 ULD manifest printers and handheld terminals, enhancing baggage processing efficiency.
- Provided frontline support for airline applications such as Departure Control Systems (Amadeus CM/FM, Radixx DCS, Sabre), minimizing downtime and ensuring reliability at gates and counters.
- Conducted preventive maintenance on workstations, kiosks/CUSS, printers (ATB, BTP, DCP), scanners (BGRs, OCRs, MSRs), and peripherals to maximize system uptime.
- Ensured SLA and SOP compliance through ServiceNow, escalating complex issues to senior engineers when necessary.
- Delivered user support for Microsoft 365, Outlook/Email, and MFA-related issues for airline staff.
