SITA Aero / CompuClinic Solutions

Nov. 2023 – Present

Desktop Support Technician [IT Engineer Field Ops]

Cape Town International Airport, SA

- Delivered on-site IT support for Airport Infrastructure including CUTE, CUSS, and BRS systems, ensuring smooth passenger check-in, boarding, and baggage operations.
- Resolved Airport CUTE (Common Use Terminal Equipment) hardware and software issues of Printers, Scanners, and Workstations (OKI 3320, Custom TK180, Brother, Zebra HHT's) for airlines including SAA, British Airways, and Qatar Airways.
- Provided BRS (Baggage Reconciliation System) support for baggage and ground-handler through SITA Bag Manager as well as Maintained, Tracked and Repaired A5 ULD Manifest Printers and Handheld Terminal Devices, improving baggage processing efficiency.
- Provided user support for Airline Applications like Departure Control Systems (Amadeus CM/FM, Radixx DCS, Sabre), reducing downtime and ensuring operational reliability at the Boarding Gates and Check-in Counters.
- Performed Preventive Maintenance on Workstations, Kiosks/CUSS, Printers (ATB, BTP, DCP), Scanners (BGR's, OCR's, MSR's) and Peripherals, boosting system uptime and reliability.
- Ensured compliance with SLA targets and SOP via ServiceNow, escalating complex issues to senior engineers when required.
- Provided support for Microsoft 365, Outlook/Email and Microsoft MFA issues for Airline Staff.

Self-Employed

2017 – 2022

Casual PC Repairs and Reseller

Home Based, Cape Town, SA

- Sourced and purchased pre-owned PCs and components via Facebook Marketplace, Gumtree, Carbonite, and OLX, then refurbished and upgraded them for resale.
- Performed upgrades including graphics card, RAM, and SSD installations, case swaps.
